This bill, if enacted, will require the Department of Human Services, in consultation with the Departments of Health and Mental Health and Mental Retardation, to establish and implement "assisted group living in public housing pilot projects. The projects are to be created through a system of competitive grants.

The fiscal impact of this bill is estimated to increase state expenditures. The amount cannot be determined without knowing the total grant dollars to be dedicated to the pilot projects. However, the increase is estimated to exceed \$100,000.
